

UniBeam Scenery Carrier

Technical Details

Part No: UBM2801

Weight: 3.671 kg

WLL: 385 kg

Material: Mild Steel & Polyurethane

Finish: Black Powder Coated (metal work)

The UBM2801 Scenery Carrier has a robust steel 'U' shaped body with stiffening webs at each end. There are 8 ball raced unflanged wheels fitted to the carrier, the four main wheels which are polyurethane tyred, run between the top and bottom webs of the UniBeam track and the 4 side wheels keep the carrier lined up with the track centre. The carrier is designed to carry items on both straight and curved track systems in silence. The carrier can be used in conjunction with the scenery carrier bottom TRA8004.
