

UniTrack / UniBeam Scenery

Carrier HD - curved cording

Technical Details

Part No: TRA2805

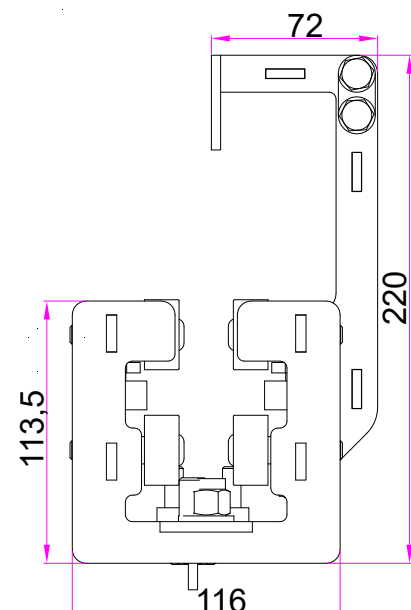

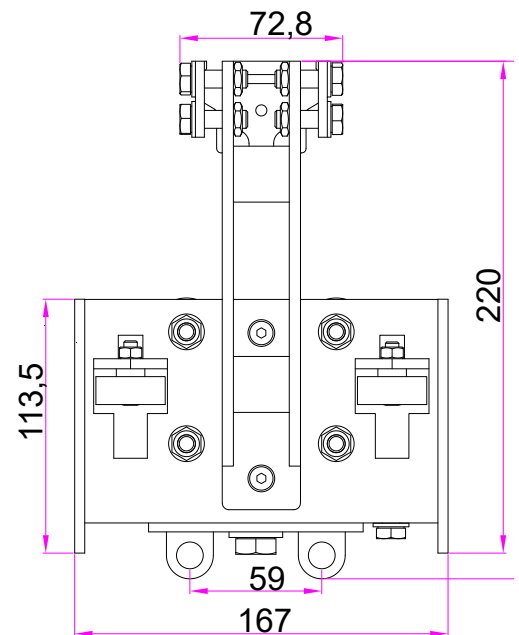

Weight: 2.93 kg

WLL: 125 kg

Material: Mild Steel & Polyurethane

Finish: Black Powder Coated

The TRA2805 HD curve master runner uses the TRA2802 body with a TRA8003 arm to clamp the operating cord on curved UniTrack and UniBeam systems. A plate beneath the body carries 2 curtain attachment loops. The arm guides the cord through TRA1901 guides and is for longer curved systems and heavier curtains
